PERFORMANCE & CAPABILITY

Athletic electric performance. Everyday SUV practicality.

PERFORMANCE

	PREMIUM RWD	PERFORMANCE AWD
 Power	230 kW	390 kW
 Torque	380 N·m	690 N·m
 Acceleration 0–100 km/h	6.7 s	4.5 s
 Range (WLTP combined)	482 km	456 km

CHARGING & POWER

-  **11 kW AC charging**
Convenient home and destination charging for everyday use.
-  **150 kW DC charging**
Fast charging capability to get you back on the road sooner.
-  **V2L function**
Vehicle-to-load capability to power devices and equipment on the go.

SPACE & PRACTICALITY

-  **Front trunk**
58 L
Dedicated space for added convenience.
-  **Rear trunk**
500 L
Generous cargo space for every journey.

The BYD SEALION 7 blends athletic electric performance with the versatility of an SUV coupe. Choose between efficient rear-wheel drive or exhilarating all-wheel drive. With fast charging, V2L capability and clever storage solutions, it's designed to elevate every journey—whether it's your daily commute or your next great escape.

INTERIOR & TECHNOLOGY

Smart technology. Premium comfort. Everyday connected.

The BYD SHARK 6 cabin is designed around the driver, with intelligent technology and premium materials that keep you connected and in control—wherever the road leads.

Right-hand-drive cockpit shown.

- | | | | | | |
|--|--------------------------------|---|---------------------------------|---|---|
|  | Right-hand-drive cockpit |  | Panoramic glass roof |  | Heated rear seats |
